BE PREPARED — IS YOUR VEHICLE READY FOR WINTER?

THERE ARE THINGS YOU CAN DO AT THE START OF WINTER, BEFORE THE BAD WEATHER, TO PREPARE YOUR VEHICLE AND REDUCE THE CHANCES OF BREAKING DOWN.

CHECK YOUR VEHICLE IS IN GOOD RUNNING ORDER, MAKE SURE TYRES HAVE GOT PLENTY OF TREAD AND CONSIDER REGULAR SERVICING TO HELP MINIMISE THE RISK.

IF YOU’RE GOING AWAY, CHECK WHAT THE FORECAST SAYS FOR YOUR RETURN JOURNEY AND IF YOU’RE TRAVELLING SOME DISTANCE REMEMBER TO CHECK THE WEATHER AT YOUR DESTINATION AND ALONG THE ROUTE TOO.

CHECK THAT YOUR VEHICLE IS READY FOR WINTER USING THE POWDERY CHECKLIST AS A GOOD REMINDER:

PETROL (or diesel). Have you got enough? Do you know where to fill up?

OIL — check levels once a month.

WATER — check radiator and screenwash regularly.

DAMAGE — check wipers, lights etc for signs of wear and tear or damage, and make sure windscreens, windows and lights are clear of ice and snow.

ELECTRICS — check lights, indicators and controls are working properly.

RUBBER TYRES — are they well inflated, legal, with good tread and free from damage?

YOU — are you fit to drive? Have you slept well? Are you taking any medication that could make it unsafe for you to drive?

GATHER TOGETHER THE FOLLOWING ITEMS AND PACK IN YOUR VEHICLE AT THE START OF THE WINTER SEASON, YOU NEVER KNOW WHEN YOU MIGHT NEED THEM!

Ice scraper and de-icer
Warm clothes and blankets — for you and all passengers
Torch and spare batteries — or a wind-up torch
Boots
First aid kit
Jump leads
A shovel
Road atlas
Sunglasses (the glare off winter sun can be dazzling)
Food and a flask with a hot drink
Any medication you, or other people travelling with you, need to take regularly

IN ADDITION, WHEN SETTING OUT ON JOURNEYS DURING THE WINTER SEASON REMEMBER TO TAKE WITH YOU:
